What is the Comp Alliance?

The Comp Alliance is a not-for-profit group self-insured workers' compensation program designed solely for NY State public entities.

Founded in 1994 by the Association of Towns of the State of New York with the assistance and expertise of Wright Risk Management, its primary purpose is to provide funding stability as well as exceptional services for public entities..

"The Comp Alliance has been a great success, providing a needed alternative for many towns seeking a new source for insuring their workers' compensation exposure."

Jeff Haber, Executive Director
Association of Towns for the State of New York

OUR Competitive Edge

300% growth happens for a reason!

Here is why public entities throughout New York State are turning to the Comp Alliance for the best protection for their employees.

Pricing Stability - less than 10% average yearly funding increases since 1994 - way below the competition.

No Premium Audits - allows you to budget for the year with no surprises.

Actuarial Funding - Third Party Actuary makes yearly funding determinations to ensure program stays financially secure.

Association Sponsorship - New York State Association of Towns oversees the program and is custodian of program funds.

Quality Partners - A-rated excess/reinsurance carrier; audited by professional independent financial firm; administered by top municipal program manager in New York State.

Client Satisfaction - 98% retention rate since inception in 1994.

Our Services

We pride ourselves on the full range of integrated services enhanced by our professional staff who give personalized attention to you. Our services include:
